At external venues if required

Delivery method— classroom/ tutorials and examination
Via GOLA (Global Online Assessment)

Benefits:

Successful participants will be able to demonstrate that they are conversant with the IEE Wiring Regulations BS 7671:2008 and will receive a City & Guilds 2382-20 Level 3 Certificate in the Requirements for Electrical Installations (BS7671:2008) 17th Edition.

Corporate Clients

Can receive preferential rates, external venue delivery dependent on course numbers. Corporate clients can also gain access to real time online evaluation tools tailored to company needs.

Overview

The aim of this course is to provide delegates with an awareness of the main alterations and additions incorporated in BS 7671:2008. This course aims to update candidates on the significant differences between the 16th and 17th editions. The focus will be on the main additions and alterations that have been incorporated in the 2008 (17th) edition. It is primarily aimed at practising electricians and other allied professionals e.g. electrical engineers, contracts managers, designers, consultants, surveyors, and other related trades with a good working knowledge of BS 7671, who have already achieved the City & Guilds Certificate in the requirements for electrical installations (BS 7671: 2001) (2381) or recognised equivalent. On completion individuals will be conversant with the format, content and the application of the current edition of the Requirements for Electrical Installations BS 7671: 2008 (17th edition).

Entry requirements

It is expected that candidates must have achieved one of the following qualifications which addresses the requirements for BS 7671 in order to be allowed to enter this qualification.

- City & Guilds Level 3 Certificate in the Requirements for Electrical Installations BS 7671: June 2001 (2381), or
- City & Guilds Level 3 Certificate in Electrotechnical Technology Installation (Building and Structures) (2330-07), or
- City & Guilds Level 3 Certificate in Electrotechnical Technology Electrical Maintenance (2330-08), or
- City & Guilds Level 3 Certificate in Electrical Installation Part Two (2360) (from January 1st 2004 onwards only)

Content:

- Scope, object and fundamental principles
- Definitions
- Assessment of general characteristics
- Protection for safety
- Selection and erection of equipment
- Inspection and testing
- Special installations or locations
- Appendices
